

# EZLinks Job Posting

**IMPLEMENTATION SPECIALIST (two open positions)**

**EZLINKS GOLF, CHICAGO**

**START DATE: May 15, 2008**

**APPLICATIONS DUE: No later than April 21, 2008**

---

EZLinks Golf is the leading provider of tee sheet and point-of-sale software and related services to the golf industry. We are seeking to hire two implementation specialists to work in our office in the Chicago Loop.

This position requires someone who is highly personable with a strong customer orientation. This individual must have solid technical skills and the demonstrated ability to train others. A love of golf and love of travel are also important – the position requires extensive travel (up to 85%) to golf courses around the country to install and train golf course personnel on the use of the EZLinks software. This software is used by the golf courses to manage their golf shops and tee time inventory.

The ideal candidate will have a bachelor's degree and a solid understanding of the game of golf and the golf business; work experience in the golf industry is desired (preferably in the golf shop). Previous experience with the EZLinks software is also preferred. The candidate must be a skilled computer user, with proven aptitude in Windows-based programs (Excel is a must; Access and HTML would be pluses). Basic LAN knowledge is also a necessity.

He/she must have exceptional training skills. Previous experience as a trainer would be highly desirable. The candidate must be able to adapt quickly and seamlessly to a variety of training situations and environments – ranging from a small-town golf course to a bustling municipal facility to a high-end luxury resort. Success in this position will be dependent on the ability to read and understand people, and adjust one's training style as needed to best meet the needs of a given audience for any given training session.

**PLEASE NOTE:** This position requires the candidate to have the flexibility for extensive travel. The implementation specialist will generally be traveling 3 out of every 4 weeks in the month, with trips being 4-5 days in length (usually 5 days). Time not on the road will be spent at our headquarters doing follow-up work (over the telephone) with clients and providing internal staff support.

This position includes a full benefits package and the opportunity to work within a fast-moving, highly focused, forward-thinking, team-oriented organization. To apply, please submit your resume to [lquinde@ezlinks.com](mailto:lquinde@ezlinks.com). No phone calls please. Equal opportunity employer.
