#### - Point Of Sale-

- Touch Screen design saves time and improves accuracy. One-touch buttons are easily accessible for commonly purchased items. Package items together for additional speed, accuracy and convenience.
- Tendering options include: Split Checks, Returns, Gift Certificates, Event Credits/Accounts, Member Accounts, and Preferred Customer Discounts.
- Integrated with the EZLinks Tee Sheet for quick and simple guest Check-In and a complete audit trail.

### EZLinks Introduces: POS... the EZ Way

Introducing the next generation of Retail Inventory and Point-Of-Sale systems for the Golf Industry. Designed with operational efficiency in mind, EZLinks POS takes the complexities and confusion out of your point-of-sale decision.

It's POS... the EZ way. Easy to train, install, and use.

The integrated database design allows full utilization of both products. Complete tee sheet functionality is preserved; allowing you the utmost in web enabled tee time management, while the POS offers full functionality in the same application window.

Your guests will appreciate the reduced time waiting in line due to speedy check-in features. Time saving functions include: a touch screen software design, bar coded inventory SKU's enable scanning, integrated high-speed credit card authorizations return in less than 2 seconds, and gift certificate and rain check tracking speed up complicated • transactions.

EZLinks POS software is designed with • your everyday tasks in mind. Making these tasks easy to do, easy to learn, and simple enough for any user.
