

EZLINKS TEE SHEET SOFTWARE FEATURE LIST

AVAILABLE IN VERSION 7.5.1 AND HIGHER

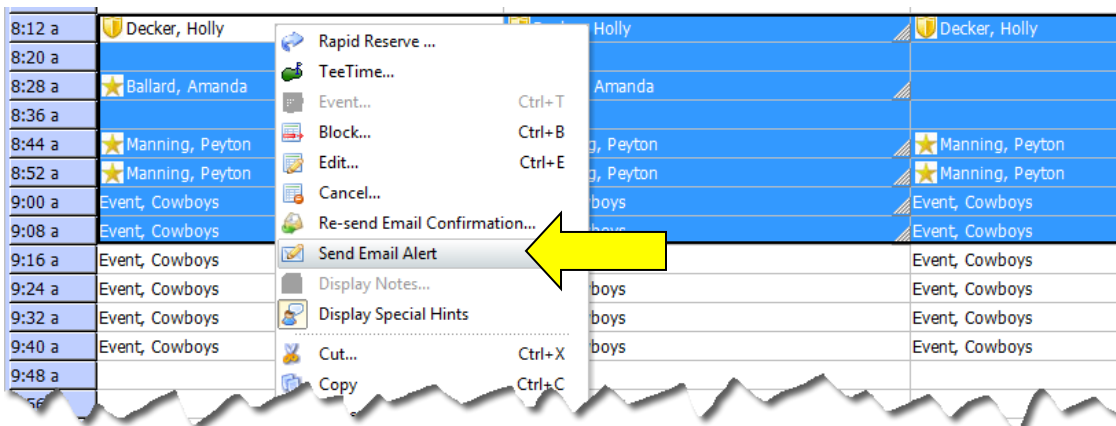

Overview

EZLinks is dedicated to constant innovation, helping course partners streamline operations while driving rounds and revenue. This is an overview of new features and functions available with EZLinks Tee Sheet software v7.5.1 or higher. For assistance, contact EZLinks at 888.99.LINKS (888-995-4657).

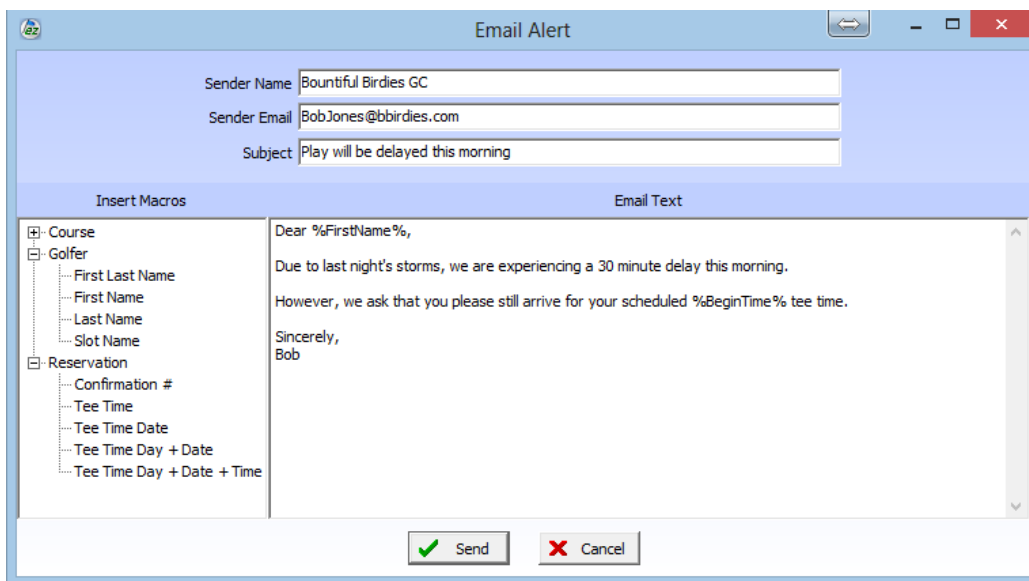

Email Alerts

You can now send an instant email to golfers on your tee sheet. This is an easy way to notify players of frost delays, daily golf shop sales, road closures, or other alerts that you need to deliver.

1. Highlight players in the grid to include in the email.
2. Right-click and choose "Send Email Alert".

3. Type your email. Double-click a macro to insert dynamic data such as names and tee times.

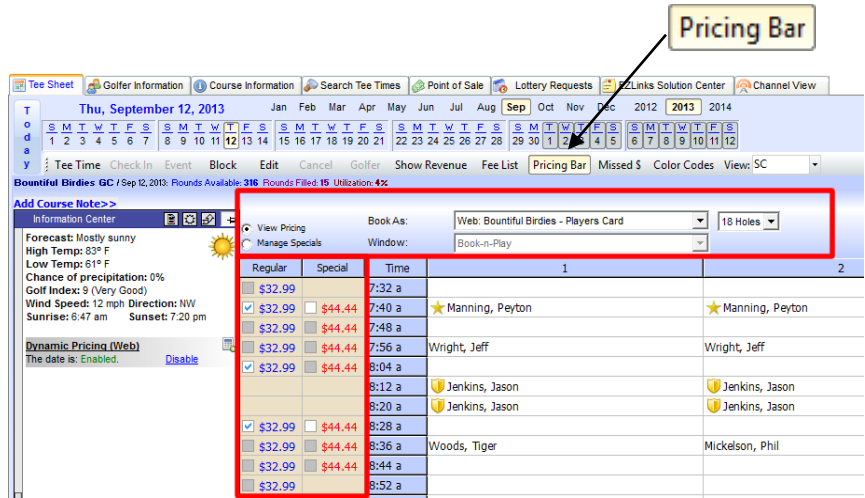

4. Click "Send". The message will be delivered to the highlighted golfers who have an email address stored with their customer profile.

Pricing Bar Toggle

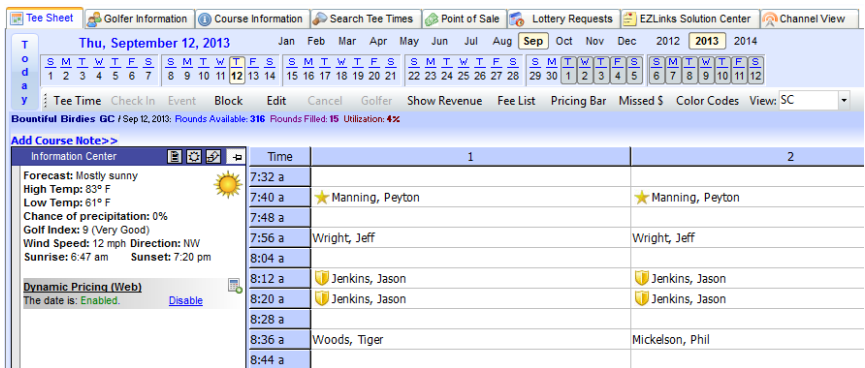

The Pricing Bar, which allows you to (a) post Tee Time Specials, and (b) view and reserve tee time pricing that is available at your Web-based channels, can now be hidden or displayed at the click of a button. When this functionality is enabled for a user, the button appears under the calendar.

When turned on, the Pricing Bar and related filters are displayed:

When turned off, the Pricing Bar and “Book As” filters are hidden from view.

This will increase the amount of tee time grid space displayed.

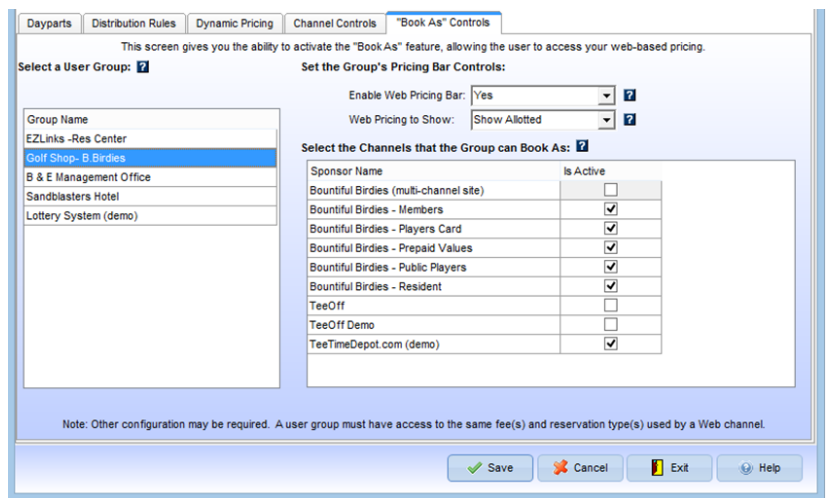

Managing the List of “Book As” Channels

Managers can now define the list of web channels a user group is allowed to book as.

In **Maintenance > WebMarket > “Book As” Controls**, highlight a user group to manage their list.

This section also contains a control to activate the Pricing Bar function, along with defining the extent of web-based tee time pricing a group has rights to.

Integrated Point-Of-Sale IDs

Transaction IDs (chit numbers) are now being displayed in the Information Center for fully-integrated, non-EZLinks point of sale systems.

The screenshot shows a POS system interface. On the left, there is a 'Golfers' section with details for Bohach: Gopher: Bohach, ConfirmID: 301064604, Fee: RstPrime, Reservation Type: Rest, Booking Group: Kierland Resort Res Sales, Date/Time Booked: 1/14/13 12:41 pm. Below this is 'POS Transaction Information' with a red box around 'Trans. #: 05584659' and 'Status: Check In'. Other fields include Total Items: N/A, Trans. TTL: N/A, Clerk ID: N/A, and Term ID: N/A. On the right, a list of transactions is shown with columns for time, amount, and ID. A red arrow points from the 'Trans. #: 05584659' field to the transaction entry '10:35 a Bohach/\$219.00 -- 301064604'.

Time	Amount	ID
10:05 a	Visa/\$205.00	-- 297655120

11:15 a	TC Hall/\$99.00	-- 301969088

Other Tee Sheet Changes

- **Sunrise/Sunset Controls** – Now permits up to 480 minutes of tee sheet closure due to daylight.
- **Check-In Screen Display Option** – A new configuration format is available for the Check-In Screen, upon request. The behaviors are:
 - *Golfer names will be loaded as they are on the tee sheet grid.*
 - *Member Numbers will be loaded for players (when applicable).*
 - *Greens Fees will be loaded as they were at the time of booking.*
 - *Clerks have the ability to change an assigned Member Fee to a Non-Member Fee.*

The screenshot shows the 'Golfer Check In' screen. At the top, it says 'Selected Golfer' with fields for Last Name (Sykes), First (Jeff), Mid, and a dropdown for Member # (1494551). Below are fields for Address 1/2 (339 Logan Street), Zip Code (60439), City (Lemont), State (IL), Email (jsykes@ezlinks.com), and Phone #s (630-257-3241). There is a photo of a golfer. Below the photo are membership details: Rewards (975, Exp. 10/24/2013), Gold Member (5555, Exp. 12/31/2013), and EZLinks Players Card (EZ1494551, Exp. 12/31/2012). At the bottom, there is a table with columns: Slot, Tee Time, Member #, Golfer Name, Fee Name, Amount, and Cart #.

Slot	Tee Time	Member #	Golfer Name	Fee Name	Amount	Cart #
1	9:32 AM	EZ20167	Decker, Jody	Member Fee	\$0.00	
2	9:32 AM	5555	Sykes, Jeff	Member Fee	\$0.00	
3	9:32 AM		Haggerty, Ke...	Non-Resident 18 (Wee...	\$61.00	

At the bottom of the screen, there are three buttons: 'Fee Selector', 'Continue to POS', and 'Cancel Check-In'.

WebMarket Changes

- **Promo Code Descriptions** – When a golfer enters a promo code while booking a tee time online, the code description (i.e. “Labor Day Special – Save 20%!”) is now displayed.
- **Change UserID/PW** – The screen where a golfer can update their UserID and/or password online has been redesigned for improved workflow.
- **Multi-Channel View (Administrative Screen)** – The “Title” field for the Multi-Channel View screen option can now support up to 19 characters when displayed to golfers.

Reports & Data

“Rounds Report – Ride vs. Walk”... Two new statistical reports breakdown reservations by riding vs. walking greens fees.

“Unique Visits by Member”... Two new member reports (by summary and by detail) show the number of times a member has played. For multi-facility operations it provides a breakdown by facility. This is a useful report for analyzing the level of play by certain membership types.

Nightly Data File ... For customers who receive a nightly file of daily activity (for marketing and/or analysis purposes), Promo Code usage has been added. Contact EZLinks for details.

Bug Fixes

Pricing Bar ... Fixed bugs related to price refreshing, filter updating, and label positioning.

Rapid Reserve ... “Detached” golfers are now removed from the Rapid Reserve database.

Credit Card Handling ... An issue related to wrongly-declined credit cards was addressed.

Golfer Check-In ... Bugs related to the flow and identification of check-ins from the tee sheet to point-of-sale have been resolved.

WebMarket ...

- Fixed a bug related to dynamic pricing adjustments where the displayed amount is intended to exceed 100% of the regularly posted rate.
- Fixed a Promo Code bug related to “Minimum Greens Fee” requirements.

- Fixed a conflict with the golfer registration “Phone” field related to Internet Explorer 10 browsers.
- When designed to do so, tee sheet Color Code descriptions are now being properly displayed to golfers during online reservations.

Tee Time Grid Controls ...

- Right-click options that should not be valid for empty time slots (i.e. “Cancel”) are now disabled.
- Changes to a user’s Row Height setting for the main tee time grid are now being retained.
